Rocklin Police Department MESSAGE FROM THE CHIEF

CHAD BUTLER | CHIEF OF POLICE
chad.butler@rocklin.ca.us

On behalf of all of the men and women of the Rocklin Police Department, I am pleased to present to you our 2018 Annual Report. I am privileged to lead this organization and I look forward to the continued successes of the Rocklin Police Department and our community. I am very proud of our Department's staff and volunteers who support the Department's Mission; to serve, protect and promote a safe community. Our members continue to provide excellent service with skill, compassion and empathy. Residents and visitors to our city deserve to be very proud of this police department and the staff who work with our community to maintain Rocklin as a premiere, safe, destination city.

This year's annual report documents an overall decrease in crime compared with the past several years and only a slight increase over 2012, the lowest crime experienced in Rocklin since at least 2005. Although 2018 represents a reduction in overall reported crime, one area experienced a slight increase; Assault saw a 21% increase over 2017, representing an additional four (4) assaults from the previous year's 19. The largest decreases in crime occurred with Arsons, down 45% (from 11 to 6) and Robbery, down 41% (from 27 to 16) from the previous year. Larceny, defined as the "unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another" to include shoplifting and theft from an unlocked vehicle, experienced a 15% decrease from 2017 (from 820 to 699). In addition, theft of motor vehicle decreased by 28% from 112 to 81. The City of Rocklin continues to be one of the safest cities in our region and our state. This distinction is possible because of the hard work of our police personnel, our public safety volunteers, other city departments and the collaborative involvement of our residents and business community, keeping our community safe.

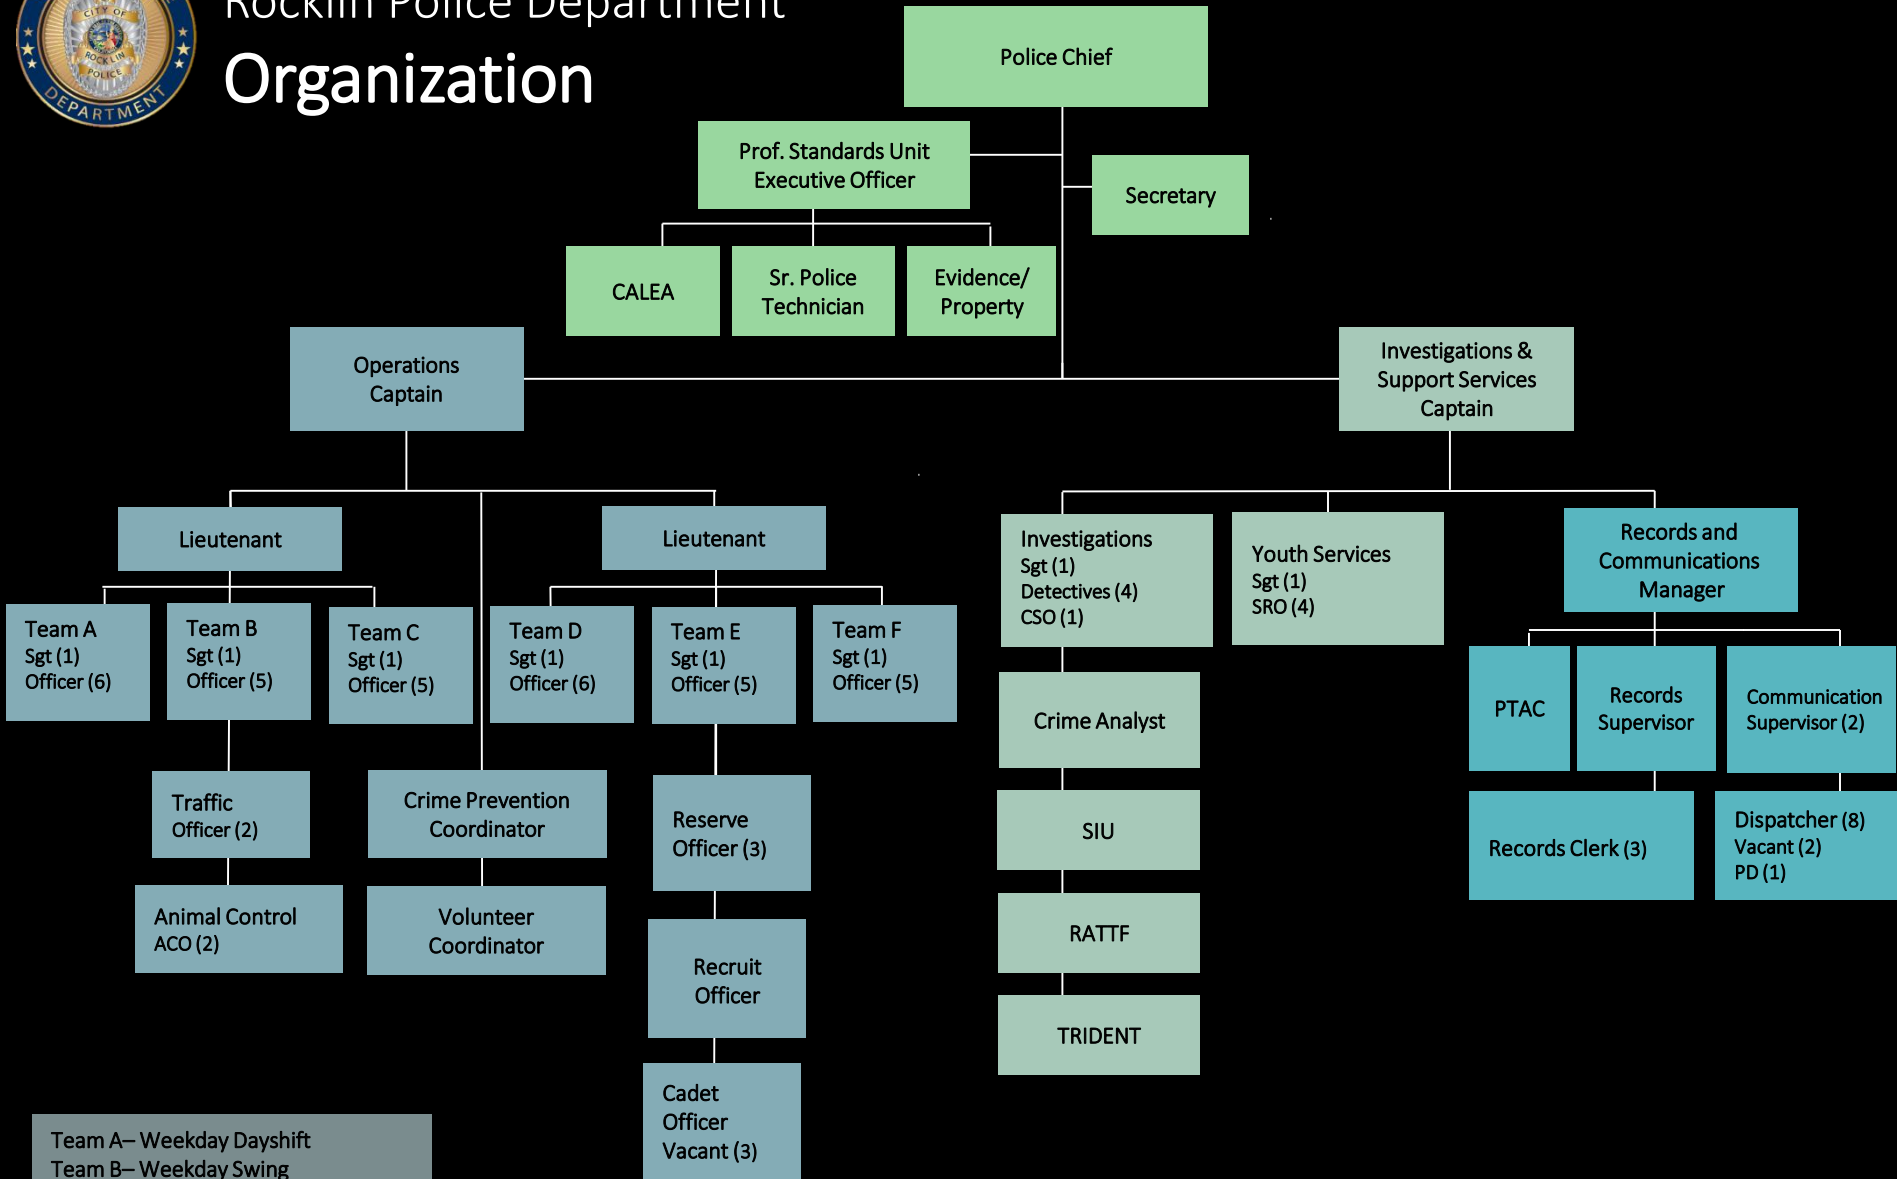

The content of this report is prepared to highlight your police department's statistical data from the previous year. More important than the actual data is recognizing the outstanding relationships we continue to nurture with our community. I want to thank each and every one in our community who assists us in keeping our city safe; we couldn't do it without your support. The support enjoyed by the members of the Rocklin Police Department does not go unnoticed by those who serve.

Statistics Triennial Survey

The Police Department surveys residents every three years to gain opinions on the quality of police services, neighborhood concerns, and how the police can best serve community needs. The link to the 2018 survey was distributed to Rocklin Residents via the social media networking platform NextDoor. The Police Department received 1,010 completed surveys and 1,123 total responses and overall, citizens reported feeling Rocklin is a safe place to live and it also revealed that citizens were happy with the quality of Rocklin Police services.

Overall Police Service Satisfaction

Effectiveness of Police Dealing with Crime

Citizens reported speeding in their neighborhoods, traffic violations and vehicle break-ins as their largest concerns. Homes being broken into, and drug use (both in and not in school) were also important issues to Rocklin residents.
