

**STATEMENT OF CANDIDATE FOR
ROCKLIN CITY COUNCIL**

JOSH ROLPH

Age: 44

Occupation: Small Business Owner

Education and Qualifications: This is a time of struggle and hardship for too many families in Rocklin. As a father of a young family who believes in freedom, a strong economy, the importance of education for our youth, and the need for a safe community, I humbly seek your vote and support during this challenging time. I want to be open with you and listen to your concerns, working together to solve the problems this pandemic has thrust upon us. I believe all obstacles can be overcome if we work together in unity to solve them. My family goes back four generations in California, skipping a generation when my parents moved out of state. Growing up, I always told friends and family I would get back to California someday. My strong love for country led me to Washington, DC where I served a Member of Congress who represented Rocklin. I finally arrived in Sacramento in 2009 to work for California's farmers. In 2012, we moved to Rocklin where my four children attend our amazing public schools. Since then, I have started a small business with an office in Rocklin. Please contact me anytime and let's work together for a safe, secure, and prosperous Rocklin!
