Explosive Permit Application Requirements

1. Photocopy of your State Blaster's License through the State of California Licensing Board
2. Photocopy of your Driver's License
3. Photocopy of Liability Insurance for \$1,000,000 to \$5,000,000 in accordance with Uniform Fire Code, Section 77.104 and City of Rocklin Municipal Code chapter 8.28 (exact amount will be determined by Chief of Police)
4. Completed Explosive Permit Application, including thumb print.
5. Photocopy of your current Certification of Eligibility from the California Department of Justice.
6. City of Rocklin Business License.
7. Permit fee of \$92.00 (non-refundable).
8. Any additional restrictions or conditions to the issuance of the Explosive Permit.

Standard requirement for the use of high explosives within the City of Rocklin

- Permittee must document each explosive blast with a "Shot Report" describing weather conditions, distance to nearest structure, time of explosion, type of explosives, initiation system, and seismograph information. A seismograph is to be used to document the ground disturbance effect of each detonation.
- A permittee will provide written notification to surrounding residents and/or commercial establishments of their intention to use high explosives in the area. The notification area will adhere to the recommendations of the federal and state laws for scaled distance. The written notification must contain the following information:
 1. The name, address, and telephone number of the permittee.
 2. The normal hours of operation.
 3. The type of warning device to be used and associated description of each individual warning signal with its meaning.
 4. The nature and/or type of activity resulting from the use of high explosives which could impact individuals and property.
- Permittee must notify the Rocklin Police Dispatch Center one hour prior to blasting at (916) 625-5400.
- The issuing authority of this agency or their designee may add any additional requirements and/or conditions to the Explosive Permit. These requirements or conditions will be written on Page 2 of the explosive Permit when returned to applicant after approval.
- The issuing authority or their designee has the authority to inspect any work site and/or review any documentation to ensure the permittee is complying with the requirements of their Explosive Permit.
