Five Suspects Arrested in Connection with Roseville Motorsports Burglary

Rocklin, CA - The Rocklin Police Department is pleased to announce the successful identification and arrests in a burglary investigation. On March 18, 2024, six suspects used three stolen vehicles to commit a burglary at Roseville Motorsports. The suspects forced entry into the business, stole six dirt bikes, and loaded them into a stolen U-Haul truck before fleeing the scene.

The Rocklin Police Department Investigations Unit conducted an exhaustive nine-month-long investigation, carefully analyzing evidence and developing key leads. Through innovative investigative techniques, detectives authored multiple search warrants, ultimately identifying a primary suspect. A search warrant executed at the suspect's residence led to critical evidence that helped uncover five additional suspects connected to the crime.

Working in close collaboration with the Placer County District Attorney's Office and multiple Bay Area law enforcement agencies, investigators successfully obtained arrest warrants for all five suspects, leading to their apprehension.

This outcome was made possible through the dedication and critical thinking of the Rocklin PD Investigations Unit, the support of Bay Area law enforcement partners, the Placer County DA's Office, and a strong partnership with the business owner of Roseville Motorsports. Their collective efforts ensured a successful resolution to this case, demonstrating the power of teamwork and innovative policing.
