

City of Rocklin Building Division

3970 Rocklin Road • Rocklin CA • 95677 • (916) 625-5120 • (Fax) 625-5195

MODEL HOMES

Minimum Requirements for Building Permit Issuance

Planning Division: (916) 625-5160

- Project Tentative Map and other required entitlements approved by the Planning Commission. (Please note 15 day appeal period is applicable.)

Fire Department: (916) 625-5300

- Paved streets and working fire hydrants are required. The Fire Chief may approve alternate methods of fire safety compliance and/or may approve a liability release agreement in accordance with the attached policy.
- Applicant needs to submit fire sprinkler plans to the Fire Department for review and approval. Deferred submittals may be acceptable. Check with Fire Department and Building Plan Check Division.

Engineering Division: (916) 625-5140

- Improvement plans must be approved by City Engineer.
- Lot pad certification letter on company letterhead (model permits)
- Approved lot pad certifications on file with Engineering Department (production permits)
- Compaction testing and Final Letter from soils engineer on file.

Building Division: (916) 625-5120

- Approved Master Plan is on file with the Building Division (Master Plans must be approved for use in each specific subdivision).
- The building permit submittal package must be complete, (i.e., permit application, two plot plans, etc.).
- If requesting Model Home permits prior to Final Map recordation, a request letter from the contractor, specifically requesting that model permits be issued prior to final map recordation, must be submitted and approved by the Building Official. The letter must acknowledge the following:
 - The Model Permit is issued to applicant at their own risk. Applicant acknowledges and assumes full responsibility for any required changes, plan coordination, and proper field staking.**
 - In the event that the final map is not recorded, the applicant will remove all building construction and material and return lots to their original condition.**
- Hold Harmless Agreement to be completed by applicant
- Letter of confirmation (*final letter*) from the soils engineer must be on file with the Building Department.
- Compaction test results must be on file with the Building Department.
- School fees need to be paid prior to permit issuance. Documentation needs to be on file with the Building Department.
